"Accelerated Learning In The Classroom!"

"See What People Just Like You Have Said About The Show!.."

"I absolutely loved the performance, especially the very positive attitude with which you related to the students. I loved the great self esteem messages, and the Principal REALLY appreciated the READ, message! Perfect in keeping the students interest & great energy too. Very good pricing for a very high quality performance. Thank you for showing great respect and kindness towards the children, a wonderful touch, so rare these days. Thank you for keeping the students' sense of wonder alive!" **Sophie Miyashiro, PS 185, Brooklyn, NY**

"It was a great show, even better than I had anticipated. Everything was very age appropriate. Our favorite parts were the levitation, sawing the teacher in half and the grand finale with the candle. Fantastic overall! Thank you for putting on such a superb show, it was great how you tied in the importance of reading and believing in oneself!

Kathleen Lobben, Setauket School

"The show was truly wonderful - very enjoyable - all of the teachers and students were very pleased. We all laughed a lot - it was great - you are very interesting! It was perfectly geared for all of us, great audience participation - you used a lot of kids. They gave you a 10 and the kids really liked it all. You are a great performer - clever, funny, totally interesting - We loved you! I loved the way you kept including reading in your show ("books can take you places"), the way you even used actual classics in the show. I liked all of your positive comments about students being themselves & how they can do anything; many wonderful comments for all levels. Well done, Bob!" **Maria DiPietro, St. Joachim School, Cedarhurst**

"One of the best magical performances I have seen. Very engaging for students & parents. Would recommend to anyone. Student response, artistic quality, educational quality, presenter interaction with student & technical quality of program, all 5 out of 5." **William Hallman, Teacher, Springs School, Springs UFSD, NY**

"Excellent performance, very suitable for young adult audience. Participation in tricks/illusions/mental puzzles were favorite parts. Especially liked inclusion of reading themes & motivational/self esteem building dialog."

Laurie Farr, Young Adult Librarian, Northport Public Library

"I want to thank you for the excellent job you did with your magic show at our camp. At our staff review everyone shared how excellent your show was, and how much the children were in awe. I appreciate your well practiced & entertaining skills..." **John M. Cragg, Executive Director - L.I Youth Guidance**

"This was an excellent program for our teen audience. Bob managed to captivate and amuse a typically difficult age group! They thoroughly enjoyed all aspects of the show; the illusions, fire, audience participation, rabbit, etc. It was a great end to our end Summer Reading Program! The price was excellent for such a quality show."

Janet Scherer, Yg Adlt Librarian, S Huntington Library

"Magic Bob related his entire performance to positively affecting your entire life! The children had a marvelous time. The teachers thought the program was outstanding. Thank you!"

Eva Hallam, teacher, Twin Pines ES, Brentwood, NY

"Thank you so much for your presentation for our young adults on Sep. 19th. Your style, personality and humor created a fun and entertaining atmosphere for all. You have quite a flair for teaching; the techniques of mind reading and magic and the enthusiasm you showed in your presentation had the teens spellbound! They couldn't wait to show off their amazing new "tricks" and they're still talking about the perfect grand finale!"

Desiree Cassese, Young Adult Program Planner, Port Washington Public Library
